ARROW WOOD TURNING MAPLE BURL AWARDED IN COMPETITION

2019 Sandwich Fair Recognizes Artist Nicholas Moore

TUFTONBORO, NH – November 24, 2019 – A Maple Burl created by Nicholas Moore at Arrow Wood Turning was awarded second place in the 2019 Sandwich Fair. Held annually on Columbus Day weekend since 1910, the Sandwich Fair includes competitions of works created by local artists.

The piece entered by Arrow Wood Turning was hollowed on the lathe by Nicholas Moore in August 2019 in his Tuftonboro studio. The wood was a local New Hampshire Maple Burl. The finished piece was shaped into a winged bowl measuring 19” in length. It showcases a stunning maple grain pattern, and retained bark on the natural edge.

“I am thrilled this piece was recognized at the 2019 Sandwich Fair,” states artist Nicholas Moore. “It showcases some of the best Maple grain pattern I have seen.” The piece is available for sale at www.arrowwoodturning.com
